

Partner Pledge Form

Work in Burke educates young people and their parents about the job opportunities available in Burke County and the training required to pursue a career in those fields. The Work in Burke Partner Program asks for your commitment to take an active and engaged role in this process. It provides an opportunity for your company to interact with students and parents while sharing information with the community about what you do and the jobs you offer. Work in Burke Partners are listed on the WIB website, are featured in videos and other promotional content and are given Work in Burke materials to display. Establishing relationships with the school system, students and parents requires time but a little time now can be a big investment in your future workforce.
